

## **WAAFT-IAAC 2016 less than 3 weeks away!**

We are just under a month until the 2<sup>nd</sup> We Agnostics Atheists and FreeThinkers International AA Convention and we on the Host Committee and International Advisory Board are all very excited to finally get to see everyone in Austin. Here are a couple of announcements about the convention:

---

- Firstly, if you have purchased a ticket and have not received it by email, please let us know at [info@waaftiaac.org](mailto:info@waaftiaac.org) and we will get it out to you in whatever way we need to.
  - If you are interested in being on the International Advisory Board that helps put on the next convention, to have your city host the next convention, or to change the name of the convention from WAAFT-IAAC (keeping it the same is also an option) please follow the relevant links below. A vote will be held Saturday night during the membership meeting for all of the topics:
    - [Board nomination form](#)
    - [City nomination form](#)
    - [Name change nomination form](#)
  - We have commitments to host marathon meetings from the Austin locals, Dallas, Los Angeles; Toronto; Columbus, Ohio; Indianapolis; Washington, D.C.; New York; Kansas City and Paris, France, but there are plenty of other groups that we would love to have bring their style of meeting to the convention to show us how you do it! The Midwest, the South, the Pacific Northwest, and any International meeting all would have something valuable to offer. Please contact Pam at [pam.w@waaftiaac.org](mailto:pam.w@waaftiaac.org) if you would like to have your group's format used to host a marathon meeting.
  - In addition to the marathon meeting slots, some time slots have become available to host either a panel or workshop. If you have a subject that you would like to talk about that isn't already listed on the schedule, let us know! If you have a subject that interests you, please email [suggestions@waaftiaac.org](mailto:suggestions@waaftiaac.org) and they will work with you on what times are available. You can find a list of the currently slated panels and workshops here:
-

- [Current WAAFT-IAAC schedule](#)

This is your convention! Your participation will only make it all the better!

See you in Austin!

WAAFT-IAAC 2016 Host and International Advisory Committee
